

3. Participants

3.1 General Changes

- Add a **profile photo** for each student to improve identification and personalization.

3.2 Filters

- Replace “Active Status” with:
 - **Filter by Program** → allows grouping students by program participation

3.3 Table Columns

- Add the following columns:
 - **Gender** → male/female/other
 - **Location** → where the student is based
- Replace:
 - **Age** with **Date of Birth** for more precise data tracking

3.4 Student Profile (Detailed View)

General Information

- **Join Date** → when the student joined the program
- **Participation Level:**
 - National
 - State
 - District
 - Others (if applicable)

Fitness Tracking

- Display:
 - **Latest Fitness Score**
 - **Previous Fitness Score** (side-by-side comparison)
- Include an indicator:
 - If a new fitness test is due (e.g. every 6 months)

Additional Information

- **School Name**
- **Family Income** → to understand socio-economic background
- **Emergency Contact**

- **Blood Group**

Performance & Records

- **Attendance** (with clarified tracking logic)
- **Reports** related to the student
- **Case Studies** involving the student

5. Schools (PM & Admin)

5.1 Filters

- Allow filtering by:
 - Program
 - City

5.2 Table Information

- Display:
 - Total Number of Students in the school
 - Number of Students enrolled in the program
 - Assigned Coach
 - Associated Program

5.3 School Profile (Detailed View)

Basic Information

- Address
- Contact Number
- Principal Name
- Sports Teacher Name

Program Details

- Sports offered at the school
- Grade range (e.g. 4th–10th grade)
- Program type:
 - Sports Development
 - Sports for Development

Partnership Details

- Collaboration Start Date
- RECCE (initial assessment):
 - Conducted or not
 - Date of RECCE

Infrastructure

- Short descriptive overview of available facilities (e.g. field, equipment)

Additional Data

- UDIN Number
- Upload and view photos of the school
- General description of the school/program context
